4. The Online Courses tab will be selected. Click on the course programme that you have access to.

Academic Success: Skills for Learning, Skills for Life

Academic Success is a programme of three engaging online courses that guide students through the transition to higher education. It equips students with key skills and advice that will help them get the most out of their time at university or college.

[Click here to see course list](#)

5. The course listing page appears. This is where you access the courses available, see your score for each course, and if you have passed, you can download your certificates from here also.

Academic Success: Skills for Learning, Skills for Life
